DETAILED ACTION

Information Disclosure Statement

1. The information disclosure statement (IDS) submitted is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

EXAMINER'S AMENDMENT

BEGIN AMENDMENT

Renumber claims 18-41 as claims 1-24.

END AMENDMENT

Allowable Subject Matter

2. Claims 1-24 are allowed.
3. The following is an examiner's statement of reasons for allowance: the prior art of record does not teach radio communication with both SDM and STC channels wherein the transmission structure is informed by the reception side. The closest prior art is the cited "Spatial Division Multiplexing of Space-time Block Codes" to Rouquette-Leveil et al. which discloses a similar structure to applicant's figure, but does not disclose the transmission structure shaping by the receiving side. While that sort of technique is common in the art (see Niida et al. for instance), there is no reason to believe that one

of ordinary skill could have applied it to the system of Rouquette-Leveil et al. in a manner that would have yielded predictable results.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to NATHAN MITCHELL whose telephone number is (571)270-3117. The examiner can normally be reached on M-F 8:30-5.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Lester Kincaid can be reached on (571)272-7922. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
